Portfolio: [My Portfolio](#)

## Relevant Experience

GDSC Frontend Developer @ GDSC Funaab

*February 2021 // Abeokuta, Ogun*

- Collaborated with a team of student designers and developers to spearhead a new brand and design system for the GDSC community

Freelancer

*Jan 2022 – Present*

- Worked with a team of designers to build a marketing website and an e-commerce platform for Middle-belt, an ambitious venture originating from Funaab
- Helped solidify a brand direction for Middle-belt to span across print, packaging, and web
- Interfaced with clients on a weekly basis, providing technological expertise and knowledge
- Tested sites in various browsers and devices to ensure cross-browser compatibility and mobile responsiveness
- Developed and maintained code for in-house and client websites primarily using HTML, CSS, Sass, JavaScript, and React

Frontend Team-lead @ Serch

*November 2022*

- Worked closely with designers, backend engineers and management team to develop, document, and manage the Serch platform web-app using React, Sass, and JavaScript
- Proposed and implemented scalable solutions to issues identified with cloud services and applications responsible for communicating with the Serch platform

- Interfaced with user experience designers and other developers to ensure thoughtful and coherent user experiences across the Serch's Provider and User Web-apps
